HUMAN SERVICES NETWORK DBA YOUTH SERVICES NETWORK GROUP HOME FISCAL COMPLIANCE ASSESSMENT AND CONTRACT COMPLIANCE REVIEW

The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) conducted a Fiscal Compliance Assessment and Contract Compliance Review of Human Services Network dba Youth Services Network (the Group Home) in February and March 2015. The Group Home has three licensed offices, one in the Third Supervisorial District and two in the Fifth Supervisorial District and provides services to the County of Los Angeles DCFS placed children and Probation placed youth. According to the Group Home's program statement, its stated purpose is "First to help children develop skills and self-esteem which will enable them to become self-sufficient and productive persons in society. And second, to help develop and promote a viable social support system for children outside the foster care system."

The Group Home has three 6-bed licensed offices to serve a capacity of 18 male youths, ages 11 through 17. At the time of the review, the Group Home served 18 DCFS placed children. The children's overall average length of placement was six months and their average age was 16.

SUMMARY

CAD conducted a Fiscal Compliance Assessment which included an agency-wide review of the Group Home's financial records, such as financial statements, bank statements, check register and personnel files to determine their compliance with the terms, conditions and requirements of the Group Home contract, the Auditor-Controller Contract Accounting and Administration Handbook (A-C Handbook) and other applicable federal, State, and County regulations and guidelines.

The Group Home did not comply with 5 of the 5 areas of the Fiscal Compliance Assessment. CAD noted deficiencies in the areas of: Financial Overview, related to untimely completion and submittal of the semi-annual expenditure reports; Loans, Advances and Investments, related to non-FDIC insured investment; Board of Directors and Business Influence, related to Board meeting minutes not certified by the Board Secretary; Cash/Expenditures, related to absence of a second signature on checks payable to the authorized check signer, checks made payable to petty cash, incomplete bank reconciliations and fixed assets inventory; and Payroll and Personnel, related to incomplete personnel files.

During CAD's Contract Compliance Review, the interviewed children generally reported: feeling safe at the Group Home, having been provided with good care and appropriate services, being comfortable in their placement environment and treated with respect and dignity.

"To Enrich Lives Through Effective and Caring Service"

The Group Home was in full compliance with 6 of 10 areas of our Contract Compliance Review: Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; Discharged Children; and Personnel Records.

CAD noted deficiencies in the areas of: Licensure/Contract Requirement, related to Community Care Licensing (CCL) citations; Facility and Environment, related to the grounds and common areas not being well maintained and the not maintaining a sufficient and appropriate selection of recreational equipment; Maintenance of Required Documentation and Service Delivery, related to not obtaining the County Children's Social Worker's (CSW's) signature on Needs and Service Plans (NSPs), children not progressing toward meeting the NSP goals, and initial and updated NSPs not timely developed; Education and Workforce Readiness, related to one child not enrolled in school within three school days of placement and four children did not improve in their academic performance.

Attached are the details of CAD's review.

REVIEW OF REPORT

On May 19, 2015 Chinelo Maduiké, DCFS CAD and Mary Espinoza, Out-of-Home Care Management Division (OHCMD), held an Exit Conference with the Group Home representatives: Miriam Korn, Executive Director; Art Thomas, Program Director; Tamecia Citizen, Operations Director; and Kelly Choi, Supervising Case Manager. On May 12, 2015, Helga Kiaian, CAD, held the fiscal Exit Conference with Miriam Korn, Executive Director, and Tamecia Citizen, Operations Director. The Group Home representatives were in agreement with the review findings and recommendations, were receptive to implementing systemic changes to improve the Group Home's compliance with regulatory standards and were in agreement with addressing the noted deficiencies in a compliance Corrective Action Plan (CAP) and a Fiscal Corrective Action Plan (FCAP).

A copy of this compliance report has been sent to the A-C and CCL.

CAD fiscal staff verified implementation of the FCAP in July 2015. OHCMD provided technical assistance to the Group Home on May 19, 2015, to assist the Group Home with implementing their CAP.

**HUMAN SERVICES NETWORK DBA YOUTH SERVICES NETWORK GROUP HOME
CONTRACT COMPLIANCE REVIEW
FISCAL YEAR 2014-2015**

SCOPE OF REVIEW

The following report is based on a "point in time" visit. This compliance report addresses findings noted during the March 2015 review. The purpose of this review was to assess Human Services Network dba Youth Services Network's (the Group Home's) compliance with its County contract and State regulations and included a review of the Group Home's program statement as well as internal administrative policies and procedures. The compliance review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Education and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social/Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, five placed children were selected for the sample. The Contracts Administration Division (CAD) interviewed each child and reviewed their case files to assess the care and services they received. Additionally, three discharged children's files were reviewed to assess the Group Home's compliance with permanency efforts. At the time of the review, one placed child was prescribed psychotropic medication. The child's case file was reviewed to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

CAD reviewed five Group Home staff files for compliance with Title 22 regulations and County contract requirements and conducted a site visit to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

CAD found the following four areas out of compliance:

Licensure/Contract Requirements

- Community Care Licensing (CCL) citation.

CCL cited the Group Home due to a complaint received on March 10, 2014. CCL substantiated a lack of supervision violation. CCL requested a Plan of Correction (POC) which included the Group Home hires additional staff. The facility manager was advised to amend the Program Statement and provide proof of staffing and training by April 4, 2014. The Group Home submitted the POC to CCL showing a staff-to-resident ratio of 1:3 would be provided from 4 p.m. to 10 p.m. All Group Home staff has been re-trained and staff received and signed a memo agreeing to adhere to the Group

COMPLIANCE REVIEW

Home's policy for awake/overnight supervision of youth. The Group Home submitted an in-service training log dated March 19, 2014. CCL cleared the POC on April 14, 2014.

Recommendation:

The Group Home's management shall ensure that:

1. The Group Home is in compliance with Title 22 regulations and free of CCL citations.

Facility and Environment

- The exterior of the Group Home was not well maintained.

The backyard in Group Home site #1 had a dilapidated wooden picnic table with six nails sticking out. At the same site, two bricks were being used as support to hold the broken basketball hoop in the backyard. CAD brought these items to the Group Home representative's attention for immediate remedy. The broken basketball hoop and bricks were removed from the facility immediately and the picnic table was removed from the backyard and locked in the garage (weight room) pending big bulk disposal the following week on Monday. Residents did not have access to the weight room for that week.

- The common quarters were not well maintained.

The bathroom for the residents in Group Home site #1 had a shower head that was loose and had very low water pressure. This was brought to the Group Home representative's attention and a repair order was initiated for immediate repair. Upon re-inspection of the home during the review period, the bathroom was observed to be in good repair with comfortable water pressure and temperature.

- Sufficient recreational equipment was not maintained.

Group Home site #1 had a broken basketball hoop for the children's use. CAD addressed the issue with the Group Home staff and on the same day of inspection, the broken hoop was removed. The Group Home replaced it with a brand new basketball hoop which was confirmed on May 6, 2015.

Recommendations:

The Group Home's management shall ensure that:

2. The exterior of the Group Home is well maintained.
3. The common quarters are well maintained.
4. The Group Home maintains sufficient recreational equipment.

Maintenance of Required Documentation and Service Delivery

- County Children's Social Worker's (CSW's) authorization to implement Needs and Services Plans (NSP) was not obtained.

In 10 of 14 NSPs reviewed, the Group Home did not timely obtain the County CSW's authorization to implement the NSP. The NSPs were sent after the due dates to the County CSWs for signature authorizing implementation. All ten NSPs did not have timely documented efforts to obtain County CSW authorization.

- Children not progressing toward meeting NSP case goals.

Two of five sampled children were not progressing toward their NSP case goals. Both children were failing their classes. Child #1 had significant decline in grades from a 3.0 grade point average (GPA) at his former school at the time of the initial NSP to a 0.42 GPA at time of the updated NSP. Child #5 was passing his classes at his former High School before placement, but was failing at the time of the updated NSP. Child #5 also had excessive absences/tardies. This was brought to the Group Home representative's attention and they indicated that they are working on implementing a systemic treatment intervention to address school difficulties/challenges for children.

During the Exit Conference, the Group Home representatives informed CAD that they implemented their systemic treatment intervention protocol which includes, but is not limited to aligning the house point level system to support academic achievements.

On July 22, 2015 CAD conducted a follow-up visit and verified that the Group Home has an in-house tutor that provides tutoring to the children and also implemented their new house point level system protocol.

- Development of initial NSPs with child's participation was not timely.

Five initial NSPs were reviewed. All five were not developed timely with the participation of the developmentally age-appropriate children. The children signed late, the dates were pre-printed and/or the dates were missing.

- Development of updated NSPs with child's participation was not timely and comprehensive.

Although the updated NSPs were developed, they were not timely developed or comprehensive. All signatures were pre-printed and sent late to the County CSWs. All the updated NSPs had the same educational goals of High School graduation, regardless of the child's current grade. In 11 of 15 updated NSPs reviewed, the goals were not Specific, Measurable, Attainable, Relevant, Time-bound (SMART) goals.

During the Exit Conference, the Group Home representative stated that a new protocol was implemented, goals will follow the SMART guidelines and pre-printed dates will not be used. Further, the Group Home will have the age-appropriate children and designated staff sign on or few days before the due date to give time for the County CSWs to review and send a signed copy for

implementation. In addition, the Group Home will ensure that all NSP signature requests to County CSWs are documented, sent timely and efforts to obtain the County CSW's signature are documented in detail. The Group Home representatives will provide additional training to the staff responsible for preparing the NSPs. The Group Home representatives attended the NSP refresher training provided by DCFS on May 8, 2015.

On July 22, 2015, CAD conducted a follow up visit and verified that the Group Home is in compliance with their protocol.

Recommendations:

The Group Home's management shall ensure that:

5. The County CSW's authorization to implement NSPs is obtained.
6. The children are progressing toward meeting their NSP case goals.
7. Initial NSPs are developed timely.
8. Updated NSPs are developed timely and are comprehensive.

Education and Workforce Readiness

- A child was not enrolled in school within three school days of placement.

One child was not enrolled in school within three school days after placement. The child was placed on October 28, 2014 and was not enrolled in school until December 1, 2014. The Group Home's first attempt for contacting the school for enrollment was on November 5, 2014, after which they documented barriers to enrolling the child.

- Children's attendance did not increase.

One child's attendance did not improve and 2 of 5 children had excessive absences/tardiness.

Child #1 and #5 had excessive absences/tardiness. This was brought to the Group Home representative's attention and it was indicated that they are working on implementing a systemic treatment intervention to address school difficulties/challenges for children.

During the Exit Conference, the Group Home representatives informed CAD that they implemented their systemic treatment intervention protocol that includes integration of a house point level system to support school attendance and academic achievements.

On July 22, 2015, CAD conducted a follow-up visit and verified that the Group Home is in full compliance with their protocol.

Recommendation:

The Group Home's management shall ensure that:

8. Children are enrolled in school within three school days.
9. Children's academic performance/attendance increases.

PRIOR YEAR FOLLOW-UP FROM DCFS CAD'S GROUP HOME CONTRACT COMPLIANCE REVIEW

CAD's last compliance report dated April 2, 2015, identified 8 recommendations.

Results:

Based on CAD's follow up, the Group Home fully implemented 7 of 8 recommendations for which they were to ensure that:

- Comprehensive monetary and clothing allowance logs are maintained.
- Monthly contacts with the County CSWs are documented.
- Initial medical exams are conducted timely.
- Appropriate staffing and supervision are provided at all times.
- Employee health screenings and tuberculosis clearances are completed timely.
- All staff that transport residents have a valid driver's license.
- All staff receives the required training.

The Group Home did not implement 1 of 8 recommendations for which they were to ensure that:

- The exterior and grounds are well maintained.

Recommendation:

10. The outstanding recommendation from the prior report dated April 2, 2015, which is noted in this report as recommendation 2 is fully implemented.

During the Exit Conference, the Group Home representatives expressed their desire to remain in compliance with Title 22 regulations and contract requirements. The Group Home supervising case manager will ensure that staff is trained in the importance of ensuring initial and updated NSPs are developed timely.

On July 22, 2015, CAD conducted a follow-up visit and reviewed six updated NSPs and verified that the Group Home was in full compliance with timely development and participation of age-appropriate children and the staff in the sample. For three of six updated NSPs reviewed, there was no documentation of the Group Home's attempts to obtain the County CSW's signature. The Group Home was advised to fully implement their updated protocol. CAD will continue to assess implementation of the recommendations during the next review. The Out-of-Home Care Management Division will provide ongoing support and technical assistance prior to the next review.

RE: Youth Services Network – Corrective Action Plan Addendum
Group Home Monitoring Review Field Exit Summary

I. LICENSURE/ CONTRACT REQUIREMENTS

9. Is the group home free of any substantiated Community Care Licensing complaints on safety and/or physical plant deficiencies since the last review?

CCL issued 1 citation to the group home. Site #3 was cited for 2 Neglect/ Lack of Supervision (substantiated). Group home is maintaining supervision of residents in our care as per CCL and DCFS regulations and all staff are being trained as required. Staff completes the daily logs and overnight logs on a regular basis which are being checked by the Facility Managers daily and reviewed by the Program Director on a weekly basis. The Program Director is responsible that staff are adequately trained, staffing is maintained and staff provides appropriate supervision at all times.

II. FACILITY AND ENVIRONMENT

10. Are the exterior and the grounds of the group home well maintained?

GH site #1 was reported to have a dilapidated picnic table and broken basketball hoop. Both items were removed from the facility at the time of the audit and were locked in the garage until Big Bulk disposal was able to come pick up the items on Monday 5/25/2015. The residents were not allowed access to the garage during the time the items were stored in the garage. Facility interior and exterior will be inspected daily by the Facility Supervisor or designee and will complete and sign off on a check-list daily. All maintenance needs will be reported to the administrative office immediately and any items requiring repair will be removed immediately. The Facility Supervisor under the supervision of the Program Director will ensure that all items in and around the facility are safe and in good condition. New equipment will be purchased in a timely manner.

11. Are common quarters well maintained?

The bathroom in GH site #1 was reported to have a loose shower head with low water pressure. 16. Did the group home obtain or document efforts to obtain the County worker's authorization to implement the Needs and Services Plan?

After reviewing the Needs and Services Plan (NSP) with The Department of Children and Family Services' (DCFS) Contracts Compliance Administrator, Youth Services Network (YSN) was able to get clarification on the following and will adjust our procedures to meet DCFS compliance and requirements:

- No dates will be pre-typed into the signature page of all NSP.
- As YSN was informed that we had a 5 business day grace period to submit all NSP to the County Social Worker (CSW), from here on out, all NSP will be sent to the CSW by the due date and will note the date it was prepared up to. An addendum will be submitted if necessary.
- YSN will make 3 attempts within 5 business days of submitting the NSP to the CSW to obtain a signed signature page. The attempts will start 24 hours after the initial submission. The attempts will be documented and attached to the NSP.
- The goals in each NSP will be measurable and obtainable. A modification explanation will be written as needed.

Case Managers will be responsible under the supervision of the Supervising Case Manager that these policies and procedures are being implanted when completing all NSPs.
